ACADEMIA.EDU
Other Education
http://academia.edu
We’re Academia.edu, and our mission is to accelerate the world’s research. We built an open platform of academic works freely accessible to anyone. We’re the largest academic network in the world and we’re growing at 10% per month. Academics use Academia to share their research, track its impact, and follow the research of fellow academics.

AGE OF LEARNING
K-12 Education
www.aofl.com
Age of Learning blends education best practices, innovative technology, and insightful creativity to bring learning to life for children across the U.S. and around the world.

AIR FORCE RESEARCH LABORATORY
Defense
www.TeamAFRL.com
The Air Force Research Laboratory is a global technical enterprise, home to leading-edge laboratory facilities and some of the world’s brightest scientists and engineers in aerospace and related research. Our mission is leading the discovery, development, and integration of technologies across air, space, and cyberspace.

AKELA, INC.
Defense
www.akelainc.com
AKELA, Inc. is a Santa Barbara, California based developer and manufacturer of advanced radar and RF systems for defense and law enforcement, with applications in concealed weapons detection, through-the-wall imaging, explosive hazard/IED detection, internal building mapping, security force protection, and small aerospace sensor systems.

AMERICAN INSTITUTES FOR RESEARCH
Research
www.air.org
AIR is one of the world’s largest behavioral and social science research and evaluation organizations. Our overriding goal is to use the best science available to bring the most effective ideas and approaches to enhancing everyday life. For us, making the world a better place is not wishful thinking.

APPLIED MINDS, LLC
Other Industries
www.appliedminds.com
Founded in 2000, Applied Minds draws on the talents of nearly 150 employees and a network of subject matter experts to innovate by melding art, design, science, and engineering.

ARETÉ ASSOCIATES
Defense
www.arete.com
Areté Associates, an employee-owned company, is an advanced science and engineering company that provides innovative solutions to the most challenging technical problems faced by the United States Defense and Intelligence agencies.

ASML
Electronic & Computer Hardware
www.asml.com
As the world’s leading semiconductor lithography systems company, ASML designs, manufactures and services the machines used by all the world’s chipmakers. There is a 90% chance that the chips in your smart devices are made on our machines. If this sounds exciting to you, visit our booth and join ASML!

AUPTIX
Transportation & Logistics
http://auptix.com
AuptiX is a fast-growing, venture-backed startup in the logistics technology space. We have a unique and innovative technology solution for small and medium businesses that ship LTL freight, a $40B market in the U.S. Our purpose is to reimagine and reinvent the freight industry by relentlessly eliminating waste and inefficiency.
BD (BECTON, DICKINSON & COMPANY)  
Medical Devices  
www.bd.com  
BD is a global medical technology company that is advancing the world of health by improving medical discovery, diagnostics, and the delivery of care. BD leads in patient and health care worker safety and the technologies that enable medical research and clinical laboratories.

BLACKROCK  
Investment/Portfolio Management  
www.blackrockoncampus.com  
BlackRock was founded over 28 years ago by eight entrepreneurs who wanted to start a very different company.

BLOOMBERG  
Internet & Software  
http://careers.bloomberg.com  
Bloomberg, the global business and financial information and news leader, gives influential decision makers a critical edge by connecting them to a dynamic network of information, people, and ideas.

CEREBRAS SYSTEMS  
Internet & Software  
http://cerebras.net  
Silicon valley startup building a system to train neural networks 1000x faster.

CRANE AEROSPACE & ELECTRONICS  
Electronic & Computer Hardware  
http://craneae.com  
Crane Aerospace & Electronics combines the experience of long-time industry leaders to supply critical systems and components to the aerospace and defense markets. Our products are found in some of the most demanding environments, from engines to landing gear, from satellites to medical implants, and from missiles to unmanned aerial systems (UAS).

DESCARTES LABS  
Internet & Software  
www.descarteslabs.com  
Descartes Labs is building the first living, breathing atlas of the world. To do this, we’re creating a platform to ingest, process, analyze, store, and serve petabytes of satellite imagery and other datasets. We are headquartered in the fabulous mountains of New Mexico.

DICE  
Other Industries  
www.dice.com  
It’s not about finding a career, it’s about finding your career. Dice is the leading career site for technology and engineering professionals. We are organizing the world’s talent by providing specialized insights and relevant connections tailored to specific professions and industries.

DOMO, INC.  
Internet & Software  
www.domo.com  
It started with highly respected, highly frustrated executives who felt locked out of their own business data. And when you get that much talent and experience focused on one problem—making data more accessible. Now, with more than $450 million in funding, Domo serves executives across every role and across a broad range of industries.

EBAY  
Internet & Software  
www.ebay.com  
eBay is the world’s leading online marketplace, bringing together a family of brands that connects communities. Built on commerce, trust, and opportunity, the unique companies that form eBay create opportunities for people around the world—often in life-changing ways.

EMCORE  
Electronic & Computer Hardware  
www.emcore.com  
EMCORE Corporation is a leading provider of advanced Mixed-Signal Optics products that provide the foundation for today’s high-speed communication network infrastructures and leading-edge defense systems.

ENTHOUGHT  
Scientific and Technical Consulting  
https://enthought.com  
Founded in 2001, Enthought is a global leader in scientific software computing, with
particular expertise in the Python programming language. Our software products, training solutions, and consulting services are used by customers worldwide to accelerate innovation in a broad array of industries.

**EXPONENT**
Scientific and Technical Consulting
www.exponent.com
Exponent is a leading engineering and scientific consulting firm. Our multidisciplinary team of scientists, engineers, and physicians solve complicated problems facing corporations, insurers, government entities, associations, and individuals. Exponent has over 700 consultants, including more than 425 that have earned a doctorate.

**FACTUAL**
Internet & Software
www.factual.com
Data is increasingly critical to driving innovation and no one should be at a data disadvantage. We at Factual believe that data should be accessible to every developer, entrepreneur, business, or organization—anyone who needs it to build a better app, provide a better search result, and make smarter software.

**FIRST QUADRANT**
Investment/Portfolio Management
http://Firstquadrant.com
First Quadrant is an innovative investment management firm specializing in alternate approaches to global investing. The firm provides investment management services to institutional investors around the globe and manages a range of separate account, commingled funds, and UCTIS funds.

**FORZA SILICON CORPORATION**
Electronic & Computer Hardware
www.forzasilicon.com
Forza Silicon is a privately held, global leader in fabless semiconductor design, specializing in analog/mixed-signal and highly sensitive, advanced CMOS image sensors for applications including military/defense, biomedical, automotive, mobile phones, digital signage, intelligence, surveillance, and reconnaissance (ISR), and digital cinematography.

**GINKGO LLC**
Investment / Portfolio Management
www.ginkgo-llc.com
Ginkgo is a quantitative trading firm located at Lake Tahoe that focuses on its people and technology.

**GOOGLE, INC.**
Internet & Software
https://careers.google.com/students/
Google is and always will be an engineering company. We hire people with a broad set of technical skills who are ready to take on some of technology’s greatest challenges and make an impact on millions, if not billions, of users.

**HALEY GUILIANO LLP**
Legal & Law Enforcement
www.hglaw.com
Haley Guiliano is an IP boutique specializing in high-end work relating to global intellectual property including patent preparation and prosecution, licensing, diligence, transactions, post-grant practice, and patent clearance. Haley Guiliano offers an alternative career path to engineers and scientists who do not have law school training.

**HOUZZ**
Internet & Software
www.houzz.com
Join Houzz and help revolutionize the global home remodeling and design industry. Houzz connects millions of homeowners, home design enthusiasts and home improvement professionals around the world and empowers them with technology. Our entrepreneurial culture and warm family atmosphere make life at Houzz rewarding and fun.

**HP INC.**
Electronic & Computer Hardware
www.hp.com/jobs
Innovation is in HP’s DNA. From its origins in a Palo Alto garage in 1939, to its current position as one of the world’s leading technology companies, HP has grown to become a leader in technology and corporate culture, inspiring innovators and entrepreneurs around the globe.
HRL LABORATORIES, LLC
Other Industries
www.hrl.com
HRL Laboratories, LLC, Malibu, California (www.hrl.com) is a corporate research-and-development laboratory owned by The Boeing Company and General Motors specializing in research into sensors and materials, information and systems sciences, applied electromagnetics, and microelectronics.

INFOSYS
Internet & Software
www.infosys.com
Infosys is a global leader in technology services and consulting. We enable clients in 45 countries to create and execute strategies for their digital transformation. From engineering to application development, knowledge management and business process management, we help our clients find the right problems to solve, and to solve these effectively.

INTEGRATED DEVICE TECHNOLOGY
Electronic & Computer Hardware
www.idt.com
IDT develops market-leading products in RF, high performance timing, memory interface, real-time interconnect, optical interconnect, wireless power, and smart sensors.

IRIS TECHNOLOGY CORPORATION
Aerospace
https://www.iristechnology.com
IRIS Technology was founded in 1986 to develop mission-critical components and solutions in collaboration with strategic aerospace and defense industry partners.

IXL LEARNING
K-12 Education
www.ixl.com
IXL Learning is a leading educational technology company on a big mission: delivering an immersive learning experience to all students, in all grades and subjects, in schools and homes worldwide.

KLA-TENCOR
Manufacturing - Other
www.kla-tencor.com/college
Calling the adventurers ready to join a company that’s pushing the limits of nanotechnology to keep the digital revolution rolling. At KLA-Tencor, we’re making technology advancements that are bigger—and tinier—than the world has ever seen.

KUNA SYSTEMS
CPG - Consumer Packaged Goods
www.getkuna.com
Forget social networks for blockchain and build something your family will understand! We are a Y-Combinator backed, rapidly growing startup in the Home Automation/ IoT space. We power cloud connected smart lights providing preventive home security. We’re now building out our product portfolio and launching in retail stores nationwide.

LENDER PRICE
Internet & Software
www.lenderprice.com
At Lender Price, we believe in disrupting the mortgage lending industry by equipping the lending community with innovative technologies that enhance user experience and streamlines the mortgage loan process. Lender Price provides lenders the technologies needed to compete and stay compliant in today’s competitive mortgage market.

LOS ANGELES WORLD AIRPORTS
Transportation & Logistics
www.lawa.org
Los Angeles World Airports (LAWA) is the City of LA department that owns and operates Los Angeles International (LAX) and Van Nuys (VNY) general aviation airports, as well as aviation-related property in Palmdale. Both play an integral role in helping to meet the Southern California regional demand for passenger, cargo and general aviation service.

MAGIC LEAP
Other Industries
www.magicleap.com
Where artists and engineers, dreamers and explorers, scientists and storytellers, all come together to advance the human experience.
MALACHIARTS
Internet & Software
http://malachiarts.com
Malachiarts is a young and growing technology consultancy based in Los Angeles. From our offices in Koreatown, we coordinate a geographically diverse group of like-minded people who enjoy building software and solving problems for our clients, which range in size from large multinationals to local startups.

MATHWORKS
Internet & Software
www.mathworks.com
MathWorks is the leading developer of mathematical computing software. Engineers and scientists worldwide rely on its products to accelerate the pace of discovery, innovation, and development.

MICROSOFT
Internet & Software
https://careers.microsoft.com/students
No matter what your passion is, you’ll find it here. We work hard, but we value work/life balance, and each of us defines what that means to us. So why not explore what we do, where we do it, and what life is really like at Microsoft. You just might be surprised.

MILLENNIUM SPACE SYSTEMS
Aerospace
www.millennium-space.com
Founded in 2001, Millennium Space Systems designs, develops, integrates, and tests spacecraft for DoD and NASA. With roughly 200 of the very best aerospace talent in the industry, Millennium is not only pioneering the next generation of satellite-based solutions—we are focused on revolutionizing the conception and execution of aerospace business.

NANOPRECISION PRODUCTS
Manufacturing - Other
www.nanoprecision.com
nanoPrecision Products is the world leader in complex material forming with nanometer tolerances.

OFFICE OF THE COMPTROLLER OF THE CURRENCY
Government - Local, State & Federal
The OCC’s primary mission is to charter, regulate, and supervise all National Banks and Federal Savings Associations.

ORACLE
Internet & Software
http://campus.oracle.com
Oracle’s industry-leading cloud-based and on-premises solutions give customers complete deployment flexibility and unmatched benefits including application integration, advanced security, high availability, scalability, energy efficiency, powerful performance, and low total cost of ownership.

ORBITAL ATK
Aerospace
www.OrbitalATK.com
Orbital ATK, Inc. (NYSE: OA) is a global leader in aerospace and defense technologies. The company designs, builds and delivers space, defense and aviation-related systems for customers around the world, both as a prime contractor and merchant supplier.

PHASE FOUR, INC.
Aerospace
www.phasefour.io
Phase Four is building game-changing, high-performance satellite propulsion systems. Our plasma engines enable satellites and launch vehicles to achieve previously unattainable orbits at 1/10th the cost, making data-collection, communications, and space exploration available to a much broader customer base.
PROCORE
Internet & Software
www.procore.com
Procore Technologies is building the software that builds the world. We provide cloud-based construction management software that helps clients more efficiently build skyscrapers, hospitals, and more. We have worked hard to create and maintain a culture where you can own your work and are encouraged to try new ideas.

PROOFPOINT
Internet & Software
https://www.proofpoint.com
Proofpoint, Inc. is a cybersecurity company based in Sunnyvale, California. We provide SaaS and on-premises solutions for inbound email security, outbound data loss prevention, privacy protection, email encryption, electronic discovery and email archiving.

REX - REAL ESTATE EXCHANGE INC.
Real Estate
www.rexchange.com
Like how UBER changed the way we travel, REX is changing the archaic real estate industry by taking a digital approach to a historically non-digital industry. REX is replacing the traditional real estate agent with data. It’s the only tech platform that cuts out the MLS to provide real estate services with better outcomes for home buyers and sellers.

SAMSUNG SEMICONDUCTOR, INC.
Electronic & Computer Hardware
http://careers.us.samsung.com
Samsung Semiconductor Inc (SSI), an equal opportunity employer, is a world leader in Memory, System LSI, and LCD technologies. Headquartered in San Jose, California, SSI is a wholly owned U.S. subsidiary of Samsung Electronics Co., Ltd.

SCHLUMBERGER
Oil & Gas
http://careers.slb.com
Schlumberger is the world’s leading supplier of technology, integrated project management and information solutions to customers working in the oil and gas industry worldwide. Employing more than 115,000 people representing over 140 nationalities and working in approximately 85 countries.

STORYCLOUD, INC.
Internet & Software
www.storycloud.co
StoryCloud is the leading provider of low-cost, nationwide video deposition services for litigators. With three patents issued and nine more pending, StoryCloud provides a complete platform for legal video recording and content management. For more information, visit www.storycloud.co.

SUPPLYFRAME
Internet & Software
www.supplyframe.com
We’re a technology company on a mission to change the way engineers collaborate, design and manufacture hardware.

SYNAPTICS, INC.
Electronic & Computer Hardware
http://synaptics.com
Synaptics is the pioneer and leader of the human interface revolution, bringing innovative and intuitive user experiences to intelligent devices. Synaptics’ broad portfolio of touch, display, and biometrics products is built on the company’s rich R&D and supply chain capabilities.

THEOREM LP
Investment / Portfolio Management
www.theoremlp.com
Theorem combines quantitative research, software engineering, and rigorous scientific investigation to build credit portfolios that produce strong and consistent yields across business cycles. We are a profitable, Y Combinator backed, San Francisco-based startup with approximately 400mm assets under management.

TWO SIGMA
Investment Banking
www.twosigma.com
We are a technology company that applies a rigorous, scientific method-based approach to...
investment management. Since our founding in 2001, Two Sigma’s vision has been to develop technological innovations that intelligently analyze the world’s data to consistently deliver value for our clients.

**VELODYNE LIDAR**
Manufacturing - Other
http://velodynelidar.com/index.html
Velodyne LiDAR is a global leader in the design and production of safe, high-performance, cost-effective LiDAR, delivering real-time 3D sensors with industry leading range, resolution, and field of view.

**VERSEON**
Pharmaceuticals
www.verseon.com
Verseon’s mission is to transform modern medicine. We have developed the first computationally driven solution that achieves the molecular modelling accuracy required for rapid and cost-effective drug discovery. Our technology will make it possible to target important diseases of unmet need, and truly make a positive impact on global health.

**WESTERN ASSET MANAGEMENT COMPANY**
Investment / Portfolio Management
www.westernasset.com
Western Asset is committed to being the leading fixed-income investment management firm in the world. At the core of our values are trust, honesty, integrity, diversity, teamwork, mutual respect, and personal responsibility. Through the common set of shared values we will enrich the power of our ideas and enhance our commitment to excellence.

**XENON HEALTH**
Healthcare
www.xenonhealth.com
Xenon Health is a healthcare management company specializing in anesthesia services. We are involved with several exciting projects nationwide in the healthcare space including application development to streamline operational processes. We’re looking for bright, motivated individuals to join our team at our Los Angeles headquarters.

**XILINX**
Electronic & Computer Hardware
www.xilinx.com
Xilinx is the world’s leading provider of All Programmable FPGAs, SoCs, MPSocS, and 3D ICs. Driven by the industry-wide shifts towards Cloud Computing, SDN/NFV, Video Everywhere, Embedded Vision, Industrial IoT, and 5G Wireless, Xilinx innovations enable these applications that are both, software defined, yet hardware optimized.

**ZOOX**
Electronic & Computer Hardware
http://zoox.com
Zoox is developing the first ground-up, fully autonomous vehicle fleet and the supporting ecosystem required to bring this technology to market. Sitting at the intersection of artificial intelligence, robotics, and design, Zoox aims to provide the next generation of mobility-as-a-service in urban environments.
